## TEACHER RECOMMENDATION FORM

This student is applying to participate in the Game On! Skills Boot Camp. This student will be required to complete a number of programming assignments while part of the program and must be self-driven. The student must be able to cooperate with peers and instructors and be able to work in a group setting. Safety is the most important aspect of a project and it is imperative that the students, in our program, can act in a respectful manner.

It is in the best interest of the students, the school, and the community, that a student, who takes part in cooperative education activities outside of the school, be perceived in a positive manner. When assessing the eligibility of a student for the Game On! Skills Boot Camp, it is important we feel confident placing them into this type of work environment. To that end, we are asking you to provide some information on the student identified below. This information will form part of the basis on which the student's eligibility for this program will be determined. Please fax this document so that the information remains confidential. Thank you in advance for your comments.

Please indicate your perception of this student based on the following chart:
