

Dear Career Facilitator/Guidance Counselor,

The Saskatoon Industry-Education Council (SIEC) is excited to announce an opportunity for youth to experience the automotive industry. The Autobody Skills Boot Camp provides students the chance to gain a better understanding of autobody service and repair. Students will engage in independent learning as well as a number of hands-on activities led by a journey person technician. Every session is 100% hands-on learning.

The camp will benefit students in a number of ways, including:

- 🚗 Receiving hands-on instruction from a journey person during hands-on activities.
- 🚗 Safety Construction Orientation Training facilitated by the SIEC.
- 🚗 An opportunity to meet new friends; friends they will work with throughout the program.

The Autobody Skills Boot Camp is for students currently in grade 10, 11, or 12 who may be showing an interest in a career in the automotive industry. **Please note the application deadline for the program is Thursday, October 17, 2019.**

Below are the dates for the Automotive Skills Boot Camp:

- Session #1 – Wednesday, October 23
  - Welding
- Session #2 – Wednesday, October 30
  - Patch making
- Session #3 – Wednesday, November 13
  - Welding, sanding
- Session #4 – Wednesday, November 20
  - Grinding, painting
- Session #5 – Wednesday, November 27
  - Painting, sealing

**\*\*ALL SESSIONS WILL BE HELD IN THE AUTOBODY SHOP AT SASKATCHEWAN POLYTEHCNIC\*\***

Thank you for your hard work in promoting our programs; we cannot continue to run successful endeavors without you. Any questions regarding the Autobody Skills Boot Camp may be directed to me at 306.683.7771 or sent to [megan@saskatooniec.ca](mailto:megan@saskatooniec.ca)

Regards,

Megan Unrau  
SIEC Program Coordinator
