SUMMER YOUTH INTERNSHIP EMPLOYER APPLICATION

In the Summer Youth Internship Program, employers take on the role of mentor, ensuring each student receives proper instruction, training, and exposure to all aspects of the position and sector. If necessary, participants will be given all safety instruction and certifications through the Council prior to the start of their placement. An internship coordinator and job coach will be responsible for monitoring the student's progress and will also act as a support for both employer and intern.

The internship would take place starting the week of July 5, 2021 and ends on August 13, 2021 (or longer if agreed upon with employer-intern).

Mentors/Employers are responsible to:

- Provide competitive industry wages for the student throughout his/her internship.
- Cover Worker's Compensation for the employee.
- Designate a person at the worksite to act as a mentor to the student. Apprenticeship hours may be applicable depending upon the trade and mentorship.
- Provide safe and appropriate working conditions.

Name of Company: _____

Address: _____
